My Lord: I had the honor to send to your Lordship to-day a telegraphic message informing your Lordship that I had received last night a report of the Council; that it recalled the Imperial Government's promise to delay the Newfoundland convention until negotiations on behalf the Newfoundland convention until negotiations on behavior of Canada could proceed pari passu, and that it expressed the assent of the Canadian Government to the immediate beginning of negotiations. I stated that no responsibility for the delay rested on this Government, and that the negotiations would not be retarded by the dissolution of Parliament. I also said that by the dissolution of Parliament. I also said that the Council insisted respectfully on the importance of the negotiations with Canada and those affecting Newfound-land proceeding part passu, and that the examination of the proposed convention made it clear that the rights the proposed convention made it clear that the factor of the fishermen of British North America would be completely nullified by the admission of Newfoundiand to the United States markets under the proposed convention. I also intimated that, while this Government has refused also intimated that, while this Gove to discriminate against the United Kingdom, if such discrimination were allowed under the Newfoundland con-vention the Canadian people would not continue to believe in the importance of that principle as a safeguard of British interests.

I further informed your Lordship that the Council strongly urged the necessity of any trade arrangement with the United States, applying equally to all the British North American provinces, and pointed out that a permanent discrimination in favor of United States trade seemed to be maintained by Article 5 of the convention.

I have the honor to be, etc.,

On March 16, after the elections were over, the Governor-General wrote as follows to the

British Minister at Washington:
Sir: As the general elections in the Dominion of Canada are now over, and as the Government of Sir John Macdonald has been sustained in power by a substantial majority. I lose no time in addressing you once more upon the subject of reciprocity of trade between the Dominion and the United States. I understand from previous compunications that it is the wish of Mr. Blaine, without the States to the future arountment of a commission or punications that it is the wish of Mr. Riaine, without prejudice to the future appointment of a commission or otherwise, to discuss with yourself and with one or more persons delegated by this Government various questions which might become subjects of reference to a joint commission; that such conference should be of an unofficial character, and that it should afford an opportunity for considering on what points it would be likely that the two Governments could come to an agreement.

It was also understood that any date prior to March 4 would not be convenient for Mr. Blaine for such a meeting. The Government of the Dominion would have preferred the

It will not be possible for Sir John self and Mr. Biaine. It will not be possible for Sir John Macdonald himself to leave Ottawa, but this Government would propose that their views should be represented by Sir John Thompson, Minister of Justice; Sir Charles Tupper, Bart. On March 31 the following telegram was sent to Sir Julian Pauncefote from Ottawa:

The High Commissioner, it has just been decided, must resume his duties without further delay. I would be unwilling to submit them to the President.

After some further conversation, in which you repeated that the propositions were merely the basis upon which a discussion might be instituted, I replied that in any event I had not a moment to give to the subject until after the adjournment of Congress in March, but that after after the adjournment of congress in March, out that later that date I would be willing to respond to your request and to have a full private conference with the British Minister and one or more agents from Canada, and go over every point of difference and consider every subject upon which a mutual interest could be founded. THE COURIER OF THE CZAREWITCH.

RUSSIAN AND JAPANESE LEGATIONS DENY THE REPORTED DISAPPEARANCE.

Washington, June 23 .- The officials of the Russian Legation here discredit the report of the disappearance of a royal messenger bearing dispatches sent from Japan by the Czarewitch to the Czar of Russia while on the way from gan Francisco to New York. One of the attaches of the Legation said to-day that two couriers, one a Russian Naval officer, passed through Washington last Friday on their way to St. Petersburg. and that they had sailed for Russia Saturday last, They bore messages from the wounded Czarewitch to the imperial family, relative to the attempted assasin Japan and the state of his health at the time of the couriers' departure. The couriers were seen in New-York by an attache last week and are now on their way to Russia.

The Japanese Minister to-day authorized a denial of the story and said it was a canard.

DIMINISHED RECEIPTS FROM CUSTOMS. Washington, June 23.—The receipts from customs at New-York during the first twenty days of June were \$5,493,139, of which 0.2 per cent was paid in gold coin. 0.1 per cent in silver coin, 12.2 per cent in gold certificates, 18.0 per cent in silver certificates, 42.8 per cent in United States notes and 26.7 per cent in rreasury notes. The receipts during the corresponding period of last year were \$9,348,074, of which 0.1 per cent was paid in gold, 94.8 per cent in gold certificates, 2.8 per cent in silver certificates and 2.3 per cent in United States notes. It is estimated that twothirds of the customs revenues are collected at New-York and that the total receipts from customs for the present fiscal year ending June 30 next will be about \$5,000,000 less than for the previous fiscal year.

COLONEL WEBER TO GO TO EUROPE.

Washington, June 23.-Assistant Secretary Nettleton of the Treasury Department, has instructed Colonel John B. Weber, superintendent of immigration at New-York, to go to Europe for duty as chairman of the Foreign Emigration Commission, in place of General Grosvenor, of Ohlo, resigned. Colonel Weber will leave New-York for Europe next week, and will be gone about three months. During his absence General O'Bierne, assistant superintendent, will have charge of immigration affairs in Niw-York.

Washington, June 23.—Referring to the statement that the cash in the Treasury today is \$87,000,000 less than it was on July 1, 1890, including the amount held for the redemption of National bank notes, a Treasury official said this afternoon that the books of the Treasury Department show that the amount paid out in the purchase of the bonded indebtedness of the ity. Would the Secretary of State, in the event of his out in the purchase of the bonded indebtedness of the emaining ill, wish the meeting to occur in July, when United States since that date has been \$113,810.843, he Canadian Parliamentary session will be over? He was never before a company delinquency court except once and that was because a notice did not reach him.

Private A. H. Jackson, of Company F, was a guard at the outpost to-day and while playing "tag" his foot slipped and he disappeared beneath the briny and slimy deep of Annaville Creek. General Porter went to New-York to-day to be present at the mustering in of the Naval Reserves and Colonel Appleton is the commandant of the post this evening. The members of Company I could not resist the temptation to congratulate Colonel Appleton upon his exalted position, so they went around and gave the "Sis, boom, ah!" cry in front of his quarters. The Colonel gracefully acknowledged the salutation. Captain George F. Holland and Robert Mazet.

THE TRAMP MADE A GRIEVOUS MISTAKE.

A rough-looking man, apparently a tramp, asked for Hoboken Schuetzen Corps, at No. 98 Jefferson-st., Hoboken, yesterday. A large woman came to the door in answer, and the tramp attempted to seize a diamond necklace at her throat. The tramp was surprised to find himself spun around and tossed to the sidewalk. Assuring himself by a steady look that the person in the door was a woman, he returned to the charge. The woman seized his hands and, forcing him to the ground, hammered him until he begged for mercy. He then limped away. The woman is Miss Minerva Schauer, the captain's daughter. She weighs 220 pounds, is known as the strong woman, and has been on exhibition in many museums in various cities.

ADDRESS-CLASS REUNIONS.

INT TELEGRAPH TO THE TRIBUNE.] New-Haven, June 23 .- This has been a perfect day for commencement exercises at Yale, and the historic city was never before the scene of so many class reunions and so much hilarity. The exercises opened at 9 a. m. in Alumni Hall, where were gathered representatives of scores of classes. Justice H. B. Brown, of the Supreme Court, a member of the class of '56, presided. A fine portrait of Professor J. A. Thacher, painted by W. A. Coffin, of '74, was pre-

Thacher, painted by W. A. Coini, or sented to the college. Justice Brown made an inspiring address, in the course of which he said:

I am entitled to speak of Yale as an intellectual mother and we as her sons. Though old in years she is in her and we as her sons. Though old in years she is in her perpetual youth. Although conservative in character, yet broad and liberal enough to keep pace with the progress broad and ilberal enough to keep pace with the progress of civilitation, to accept the disbeliefs of to-day as the orthodoxy of to-morrow and forget the faith of to-day in the light of the future. No modern institution of learning will to-day close its shutters from the sun from whatever quarter it happens to be shining. We have come to believe that strife is the mainspring of our institutions. We now understand that competition is what makes the student and redounds to the credit of Yale, whether in the way of athletics as prize scholarships. way of athletics or prize scholarships.

In his remarks he took occasion to express his views

upon the practice of wealthy men endowing smaller colleges to make a name for themselves. He deprecated the practice. He believed that if the smaller colleges were wiped out, and the money now devoted to those colleges should be devoted to larger colleges, increasing their usefulness and broadening their influence, the country would be benefited. In closing, the speaker said that the degree of B. A. should represent nore than it does to-day. Effingham H. Nichols, of the class of '41, wa first called upon by Judge Brown. He referred in a brief speech to the great progress which had been made since the graduation of his class. Mr. Nichols caused something of a sensation among the young alumni by calling upon President Dwight to find a better substitute for some of the honor and glory of the university than athletics. In his opinion too much attention was paid to athletics. He favored physical culture and all sports indulged in to promote proper development, but thought the time had come to stop the always-increasing disposition to lower college athleties to the pinne of the racecourse. strength that had no higher inspiration than a wager ought not to be tolerated in college circles. not pass the entrance examination of '91.

Justice David A. Brewer, of the United States Supreme Court, a member of the class of 1856, stated that it was somewhat worthy of mention that two men of that class should at present have the United States Supreme Court between them, inasmuch as one was at one end and the other at the other end. The Rev. W. E. Park responded for the class of

1861 and revived its history, and was followed by Professor E. W. Hicks, who spoke for the class of 1866. Howard Mansfield, for 1871, argued for greater development for Yale in the future, and congratulated it upon its progress in the past. He urged the necessity of creating an alumni fund. Henry Wilcox was called to respond for 1876; Sherman Evarts, son of Senator Evarts, for 1881, and H. L. Thompson for 1888. The anniversary exercises of the Medical School were held in Battell Chapel at 12 o'clock, consisting of the annual address and the announcement of prizes President Dwight presided. The address was delivered by Professor John S. Billings, of Washington, of the United states Army. He spoke on "Ideals of Medical Education," and in closing said:

The men who come before you with pretension of having learned the art of healing cannot be made to try their remedies on themselves first; if they could, perhaps the complaints that ours is an overcrowded profession would . The result will not be known before to-morrow afternoon, possibly not then. The general opinion is that

Mr. Winthrop and Mr. Mason will be elected. One of the most interesting incidents of the day was the meeting of the alumni of the Law school. Many prominent alumni made speeches. The commencenesat exercises of the Law School occurred a Centre Unarch this afternoon. Degrees were conferred on Sacino Koya, of Lokic, Japan; Anbert M. Matthew Son, New-Haven, and William W. A BUSY DAY AT WESLEYAN. THE TRUSTEES' ACTION-ALUMNI MEETING-GROUND BROKEN FOR A NEW PEI

UPSILON HOUSE. Middletown, Conn., June 23 (Special).-The annual initiation of the Wesleyan chapter of Phi Beta Kappa was held this morning. In addition to the initiates from '91, the following persons were admitted: The Rev. Dr. W. L. Phillips, of New-Haven; Andrew Stephenson, associate professor of history at Wosleyan, and W. S. Elchelberger, tutor in mathematics; the Rev. George Landon, '41. Mr. Landon was elected in 1845, but never presented himself for initiation until to-day.

The trustees have been in session all day. At this morning's meeting it was voted to appropriate \$50,000 of the Fayerweather bequest to the erection of a Fayerweather gymnasium, provided that \$10,000 be raised outside. The executive committee was authorized to fill conditionally the vacant chair of political economy. Dr. J. M. Buckley, J. E. Andrews and William Hoyt were appointed a committee to take steps for the introduction of an electrical plant. The question of increasing the salaries of the members of the faculties was referred to a committee. An appropriation of \$250 was made toward defraying the expenses of the American school at Athens. It was voted that the present name of the university be retained. The officers of the board were re-elected as Rev. Edson Burr; treasurer, William Hoyt. The alumni association held its annual meeting this

morning and elected the following officers: President, Judge W. T. Elmer; vice-presidents, F. S. Hoyt, W. P. Hubbard and F. R. Allen; recording secretary, Professor W. N. Rice; corresponding secretary, Professor M. B. Crawford. The alumni members of the board of trustees, George T. Whitney and Darins Bacon, were re-elected. It was voted that the sense of the alumni be that the name of the university be retained. This afternoon ground was broken for the erection

of a new chapter house of the Xi Chapter of Psi Upsilon. The building is to be of granife and brick and will cost \$30,000. Its site is the corner of College and High sis. President George E. ENDING THE YEAR AT WELLESLEY.

DR. EASTMAN AND HIS BRIDE AMONG THE VISTORS AT YESTERDAY'S EXERCISES.

Wellesley, June 23 (Special).-The thirteenth annual mmencement at Wellesley College was celebrated vesterday. The season has included tree day, float day and the presentation to the art gallery of a portrait of Miss Ada L. Howard, the first president, from the class of '79, and of a cast in bronze from Miss Anna Whitney's statue of Roma, presented by Professor E. N. Horsford in the name of the class of '86. Receptions and other social incidents have added to the brilliancy of this year's close. Degrees of bachelor of arts and bachelor of science were given to 112 graduates. Diplomas from the School of Music were presented to six graduates and from the School of Art to four. The degree of master of arts was given to Katharine L. And Scalp Covered with Seres. A Wonderfully Rapid Cure by the Cuticura Remedies.

I have used your CUTICURA REMEDIES in two cases where it proved to be successful. The first was in the case of a boy a year and a half old. His face and body were in a terrible condition, the former being completely correct with sores. I took him to the Massena Sulphur Springs, but he did not improve any. I was then advised to try the CUTICURA REMEDIES, which I did. He took one and cone-half bottles of CUTICURA RESOLVENT, when he skin was as smooth as could be, and is to-day. I used the skin was as smooth as could be, and is to-day. I used the skin was as also as of the cacip, which was cured by washing him. He is now five years of age, and all right. The other case was a disease of the scaip, which was cured by washing with the CUTICURA SOAP in the CUTICURA, one bottle of CUTICURA RESOLVENT being used. It is surprising how rapidly a child will improve used. It is surprising how rapidly a child will impe-under this treatment.
